MONTICELLO SEMINARY.

HISTORICAL.

This institution, for the higher and Christian education of women and girls, claims, justly, to be the oldest in the West, with *prescribed curriculum for graduation; independent instructors for each department; buildings especially prepared and equipped for educational work.*

The Seminary was projected by BENJAMIN GODFREY in 1832, and founded early in 1835; was opened to students, and regular classes were organized, April 11th, 1838. Buildings and lands were committed (by Deed of Trust from *Founder*) into hands of a Board of Trustees, who are self-perpetuating, February, 1840. The Institution was incorporated, by the authority of the State of Illinois, February, 1841, and the same year *the first class was graduated.*

REV. THERON BALDWIN, D. D., was counselor of the Founder and Principal of the Seminary from 1835 to 1843. PHILENA FOBES was teacher from 1838 to 1843, and held the Principalship from 1843 to 1866. The present Principal, Harriet N. Haskell, was appointed in 1868.

The first building of stone, 110 by 44 feet, four stories including basement, was completed and furnished in 1838. A fifth story was added in 1854, also a south wing, 45 by 70 feet, connected to main building by an octagon tower. The semi-centennial anniversary was celebrated June, 1888. The *fifty-first* year commenced in September, on the same year, with unusual encouragement, and the second half-century promised improvement and enlargement.

November 4th, at midnight, came the alarm of fire. The household of one hundred and thirty inmates were saved without the least harm, but the buildings and all equipments and furnishings were a total loss. The accumulations of fifty years were valued at $300,000.

The students hastened to their homes. The Board of Trustees at once erected a *temporary building* (wooden) on the Campus—heated by steam, lighted by gas—and in *sixty* days called the students to return. The "Temporary" proved a success, and served the purpose till June 10th, 1890, after which date it was taken down.

THE NEW MONTICELLO.

ON THE OLD SITE.

The *Corner-Stone was laid* by the Senior Class ("Constantia") of 1889, June 11th.

The *Chapel, School and Home were dedicated* by the Senior Class ("Victoria") of 1890, June 10th.

The entire building is constructed of Corydon, Bedford and Alton stone, and is finished inside with oak, maple and Georgia hard pine. The plan and arrangement is the result of fifty years' experience; and for comfort, quiet, sanitary and educational purposes, is unsurpassed. The construction is slow combustion; all rooms where there is actual fire, are made fire-proof. Brick walls on corridors and at intervals across the building, extend to roof. Chimneys are lined with fire-clay flues. Fire plugs connecting with water tank are placed on each floor. There are sixteen exits distributed throughout the building, and five staircases; also fire escapes on west and north walls.

The building is heated by hot water, lighted by gas and furnished with steam elevator from ground to upper floor. The octagonal *Water Tower*, on west, has four bath rooms and five water-closets on each

INTERIOR OF ELEANOR IRWIN REID CHAPEL.

floor (see floor plan), ventilated above the roof and opening on octagonal faces to outside air. All plumbing is in this water tower (not connected with building at any point) and of the latest approved kind. *No sewers are under the house.* The entire ground surface occupied by the building is covered (to prevent earth-gas and mould) with one foot cement and concrete. The stone walls are furred and plastered, with two-inch air space. The sanitary conditions are the best.

The Class and Music rooms are distributed on each floor. The floors, walls, partitions and doors of these rooms are deadened with mineral wool.

The students' living rooms are *en suite*—a study and bedroom, with two closets, single beds (double if desired). A few rooms have study and bedroom combined for two students. There are three rooms for *one* student for which *special arrangement* is made with Principal.

The building is three stories above ground floor, extending on the east front, 300 by 49 feet, with a wing at north and south, extending west 80 by 45 feet.

The ground floor of *Main Building* and *South Wing* is occupied by Laboratories for Chemistry, Philosophy, Biology, Cabinet for Geology, Mineralogy and Archæology, Gymnasium, Playroom, Bowling Alley, Elevator Engine, Workshop and Hot-water Furnaces.

First Floor—Public Parlors, Principal's suite, Matron's suite, Public and Private Libraries, Periodical Room, Infirmary, Large Studio with Annex, Senior Class suites, Senior Assembly Parlor and Toilet Rooms.

Second and Third Floors—Students' Rooms, Class and Music Rooms, Students' Assembly Parlor and Toilet Rooms.

The North Wing contains the Kitchen, Bake Rooms, Laundry, etc., and is fire proof.

The *Eleanor Irwin Reid Memorial*, a beautiful octagonal stone chapel, given by Wm. H. Reid, of Chicago, in memory of his wife, stands on

the northeast, projecting from the main building thirty feet, but connected by a wide corridor. The audience room is 70 by 48 feet. The walls are pressed brick and oak, the roof is open timber. It is beautifully adorned with art-glass windows, carved stone corbels and window caps, seated with upholstered iron frame opera chairs and furnished with a Hook & Hastings (Boston) pipe organ.

Immediately under this audience room is the spacious and elegant dining room.

The Campus *proper* comprises fifty acres—with fine groves, walks, play-grounds, forest park and ponds.

The Library is a beautiful room finished and furnished in quarter oak as a *memorial* by the friends of Rev. Truman A. Post, D. D., of St. Louis.

The Museum of Natural History contains 10,000 specimens, intended for actual handling and study by the students, as follows:

1. A representative collection of the Minerals of the United States.
2. A representative collection of the Fossils of the United States.
3. A fine Archæological collection (already famous with students) of several thousand relics of the stone age, from the Ohio and Illinois mounds.
4. A good collection of Reptiles, Fishes and Mounted Birds.
5. A large collection of Water and Land Shells.
6. A collection of Ancient Pottery from South America and Mexico.
7. A collection of old Idols.

Remarks on Curriculum.

Each Student must take *two* languages for graduation, *Latin* and one *modern* (which is advised), or two modern. Latin course commences with Intermediate Class and becomes optional in Senior Class, covering four years, or the same quantity in less time. This course gives the knowledge of the Latin language and literature, as is everywhere considered an essential requirement in a liberal education. The Modern Languages, covering the same time (four years) as Latin, with Conversations and Readings.

Greek is optional, but an instructor is furnished and classes formed if desired.

Both French and German are taught by native teachers, according to the Natural Method of the Sauveur School of Modern Languages. German and French languages used in class by teacher and student. These languages are *not extras.*

When Piano, Organ, Singing or Art Lessons are taken, more time must be allowed for the literary course.

The Philosophy of the Delsarte System of Expression is taught, both theoretically and practically, in classes throughout the course. Special attention is paid to the production and management of the speaking voice, and to the use of all the organs of articulation. Intelligence in reading, simplicity, clearness of utterance and a natural manner are cultivated.

As many students do not wish to take the full course of study for graduation, but desire to pursue certain lines of work, either giving prominence to Language or Art or Music, in connection with the required studies, such *elective* course may be arranged in conference with Principal.

The course of study in Mathematics and Languages may be changed somewhat, and equivalents be received by arrangement with Principal.

Daughters of Clergymen, and students depending upon themselves, receive aid by scholarships. (See page 5.)

General Information.

The Institution aims to give the highest Christian education; and care is taken to render the home life of the students not only attractive, but efficient in the cultivation of those graces of character which mark the refined woman.

Religious service is held in the Memorial Chapel. Daily prayer is held Morning and Evening; Bible study each week, under direction of teacher.

Students are required to exercise in open air a given period each day, and the Gymnasium and Playroom afford ample opportunity for physical culture. The Campus is large (50 acres) and affords delightful space for walks, games of tennis, croquet, etc.

The Library and Periodical rooms are open for quiet reading, study, or reference.

Excellent facilities are provided for study of Music; the pianos and organ are new; systematic and critical instruction is given in private lessons, and the history and theory, with harmony, carefully studied. Musicales are given by students each month.

In Art, the instruction is practical and theoretical. It includes elementary drawing, work from the flat and round, in charcoal and crayon; portrait work in crayon or pastels; painting in oils, water-colors and pastels, from still-life and from life; china painting in Royal Worcester, etc. The studio is well lighted and equipped with casts, models and decorative studies.

Lectures are given during the year on Art, History, Literature and Science; also Concerts by eminent Artists.

Training in elocution will be given to all students in class.

Parents are requested to furnish Principal with approved list of correspondents. Let the list be short, and urge adherence thereto on part of daughter.

Family friends may be received *on Saturday*. No visiting desired on Sunday.

Applicants must give testimonials of good character.

Students take care of their own rooms and are required to be neat and orderly.

EXPENSES.

Charges for Board and Tuition in the various departments, for the year, are as low as is consistent with the *instruction, service and accommodations given*. The Institution is not conducted in the interest of *any individual or company*—it is held "in trust," and all income is used for the benefit of students

EVERGREEN COTTAGE.

All *supplies* of Text Books, Stationery, Studio Materials, Sheet Music, Meals sent to Students' Rooms, Extra Washing, Breakage of Furniture, Damage of any kind to Private Rooms, Building or Furniture, Drayage, Expressage, Telegrams, etc., and Extra Service, is charged on bill for *personal supplies, and not considered a school bill.* Such expenses are in the control of students, and will be called for at the end of the year.

A cash deposit of $20 should be made for personal supplies.

OUTFIT.

Each student must furnish her own napkins ($\frac{1}{2}$ dozen) and ring, towels (1 dozen) and toilet soap, two pairs of sheets and pillow cases ($1\frac{1}{8}$ yards in length, $\frac{5}{8}$ in width), coverlet and blankets. Also *plated* fork and teaspoon, distinctly marked with *family* name (not with initials).

Students are *requested* not to bring jewelry or expensive apparel. The wardrobe should be suitable for school. Parents are *requested* not to furnish their daughters with unnecessary spending money.

☞*Dressmaking must be attended to at home.*

☞*Dentistry must be attended to before leaving for school.*

It is desired that these *requests be regarded.*

It is expected that, except for extraordinary reasons, no pupil will go home except at Christmas Recess. Any absence from the school disturbs its work, and is a serious detriment to the student as well. Parents are therefore *earnestly requested* to co-operate with the school in preventing it.

As religious *service* is held in Memorial Chapel, the students do not wear hats, wrappings or gloves (not going out of doors).

All articles of clothing should be distinctly marked with the *owner's full name* (not with initials). Garments should be plain and without elaborate trimmings. Each student should bring Bible and Dictionary. The two students furnish rugs for their rooms if desired. The floors are hard pine.

TERMS OF ADMISSION.

Rooms can be engaged only by the payment of Twenty Dollars for each student, which will be deducted from the first advance payment, but will be forfeited in case of non-attendance.

Each student enters *for the school year, and is financially responsible* for the place taken for that time, unless removed for protracted sickness, *in which case the loss is divided.*

We have no *arbitrary limitation* in respect to age or degree of advancement. Our Preparatory Department is designed to qualify all who need it for the regular course. As a general rule students under the age required for the different classes are not desired, but exceptions are made in special cases.
